

## ARC

Designed By: Oficio

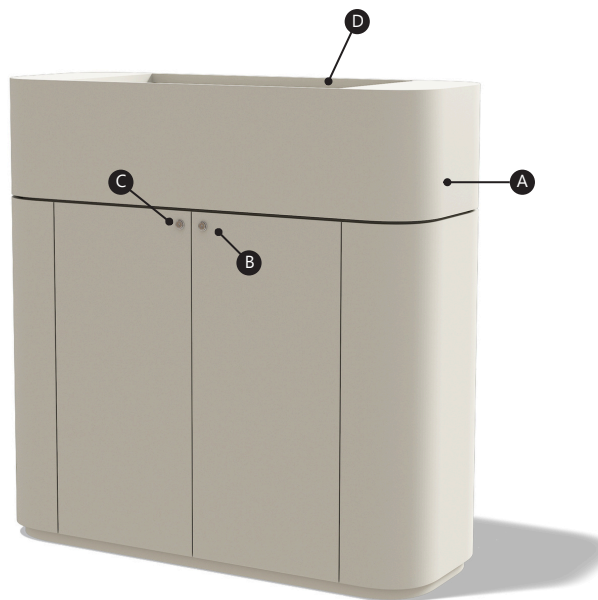

ARC redefines the way workplace furniture interacts with a space. Designed with soft curves, integrated greenery and a calming visual presence, ARC moves away from rigid commercial forms to create environments that feel more open, balanced and human centred.

Created to act as both a functional storage solution and subtle spatial divider, ARC introduces natural flow into the workplace while maintaining connection and openness. Its rounded silhouette softens interiors, encouraging calmer interactions and a more welcoming atmosphere.

More than just furniture, ARC represents a shift towards workplaces that prioritise wellbeing, flexibility and thoughtful design. It reflects Oficio's belief that the spaces we work in should feel as considered as the work created within them.
