

## ARO

Designed By: Oficio

Modern workplaces often feel fast, rigid and overly functional. ARO was designed as a response to this, bringing warmth and simplicity back into commercial interiors.

With its refined proportions, clean lines and natural timber finishes, ARO introduces a softer architectural presence that feels calm, elevated and intentional. Its minimal form allows it to sit effortlessly across executive offices, collaborative spaces and open plan environments without overpowering the space around it.

More than a storage solution, ARO is designed to influence how a workplace feels. It encourages a more considered environment, one that feels welcoming, connected and human.

ARO reflects Oficio's approach to design where function, materiality and atmosphere exist in quiet balance.

# Product Description

ARO

- A Swing door unit
- B Adjustable shelf
- C Floor levellers
- D D-handles or custom
- E Lockable (Optional)

**ARO-1**  
Dim overall: 1200mm W x 450mm D  
H: 725mm

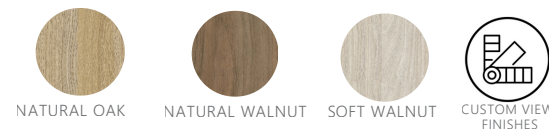

**ARO-2**  
Dim overall: 1600mm W x 450mm D  
H: 725mm

**ARO-3**  
Dim overall: 1800mm W x 450mm D  
H: 725mm

## Materials / Surfaces

Oficio products are crafted in collaboration with certified production and testing partners.
