

## STAC

Designed by: Ofício

The Stac was created to bring warmth and versatility to contemporary environments. Defined by a soft, sculpted profile, it offers balanced comfort and a refined aesthetic suited to both indoor and outdoor spaces.

Made in Europe from UV-stabilised polypropylene reinforced with glass fibre, Monna achieves strength without visual heaviness.

Its fluid form and stackable design make it a natural fit for hospitality, workplace, and event settings.

Offered in a curated range of modern hues, Stac complements interiors where simplicity meets sophistication.

It is a chair designed for connection, where people, material, and environment exist in considered harmony.
